WELCOME TO ROOTS GYMNASIUM

An esteemed private school nestled in the serene surroundings of Stampriet, Namibia. Our institution is dedicated to fostering a nurturing environment where students, educators, and parents collaborate to form a strong, supportive community that extends beyond the classroom. Here, every individual is embraced and valued, lifelong friendships are cultivated, and lives are transformed as we prepare our students for future successes.

After a weekend filled with remarkable milestones, record-breaking performances, and unforgettable moments, we reflect on the driving force behind this success—KING PRICE INSURANCE NAMIBIA.

Established in 2021 by Ms. Colette Rieckert, founder of Windhoek Gymnasium, Roots Gymnasium emerged from a vision to meet the increasing demand for modern education programs within the agricultural sector. **Our unique curriculum integrates agricultural education, providing students with practical skills and knowledge to make a positive impact in society.**

At Roots Gymnasium, we offer a comprehensive educational journey from Pre-Primary to High School:

- Our **Pre-Primary** phase focuses on perceptual development, providing a vibrant atmosphere where young learners develop a love for learning that will sustain them throughout their academic years.
- In the **Junior and Senior Primary** phases, we emphasize language acquisition, mathematics, science, and technology, following a bespoke curriculum based on the international Cambridge framework.
- Our **High School** students engage with the Cambridge Curriculum, preparing them for international examinations and future academic pursuits.

Beyond academics, we believe in the holistic development of our students. Our **dynamic sports programs** promote teamwork and excellence, while our **arts and culture initiatives encourage creativity and self-expression.**

For students requiring accommodation, our **boarding facilities** provide a comfortable 'home away from home,' ensuring a supportive environment conducive to learning and personal growth.

At the heart of our institution is a **team of dedicated professionals.** Our educators are committed to guiding students to follow their hearts and minds, developing into the best individuals they can be.

I invite you to explore our website and learn more about the enriching opportunities that await at Roots Gymnasium. **Join us in our mission to provide high-quality, holistic education that nurtures academic excellence, character development, and spiritual growth.**

Roots Greetings,

Johan Meyer
